PRE INSTALLATION MANDATORY CHECKS

• It is always advised to consult a certified electrician to perform the installation process.
• Ensure the Load capacity & Power requirements of your intended switch matches the technical specifications.
• Ensure you follow all national and local electrical codes for installation.
• **TURN OFF** the mains to make sure no power is running. You may check the same by using an inductive voltage detector

• Open the Wall Switch/Faceplate. You may use a flathead screwdriver to open the switch gently.

INSTALLATION

Curtain Mode

Switch Mode

CONFIGURATION TO ZWAVE CONTROLLER

1. Set the controller into inclusion mode (Refer controller's manual for instructions)
2. Turn **ON** the mains.
3. Press and Hold config button for 5-7 seconds till **LED** blinks **BLUE** & then release.
4. On successful addition of the device, the controller sends a confirmation.
